Internships

Company - BasketHunt Pvt Ltd 08/2022 - 10/2022

Remote Internship

Role - Web Development Intern

I worked with a team of interns in which we have to build some web pages using HTML , CSS and JavaScript . We also worked on optimizing the performance of internal services of the company , which it purchases from other companies like security performance optimization(from 38% to 90% which helps in security of the customer data also) on Microsoft platform services purchased by BasketHunt company , we also worked on increasing the loading speed of the BasketHunt website page which improves the user experience and we also helped other new interns during their onboarding process and trained them as much as we know , and as this is my first internship this was a very good experience for me .
